## BROWN BAG LUNCH & MOVIE TUES., DEC. 17TH 1-BPM

"The film is so steadfast in its humanist convictions, that it reaches into your soul and melts even the most frozen of hearts.

In an age where division, hatred and inequality between the classes only seems to be on the rise, stories such as "The Holdovers" demonstrate what can flourish when people are open and willing to be kinder to each other."

- Free, but please register.
