# Expanded fixed-route service coming to McHenry County Monday, November 2

## New all-day service!

The service improvements, which take effect Nov. 2, create all-day service on **Routes 806** and **808** to better serve important travel markets between Woodstock, Crystal Lake, and McHenry. These pilot changes will also improve connections to **Route 550** and the Metra station in Crystal Lake, as well as give riders more reliable options throughout the day. Pace's expansion of service in these corridors delivers greater access within McHenry County. A summary of the changes is provided below:
